FOR IMMEDIATE RELEASE

***Cameron Communications Continues to Upgrade its Network
to Offer More TV Entertainment to its Customers***

Carlyss, LA - Cameron Communications recently launched Video On-Demand services in Elizabeth, Pitkin and Sugartown.

Cameron Communications' Video On-Demand offers over 1,200 hours of programming to choose from including New Movie Releases, Kids programming, Karaoke and FREE programming. With new selections added every week—it's like your very own virtual video store right in your home! So, no more trips to the video store and paying those all too familiar late fees.

Another great thing about Cameron Communications' Video On-Demand is that it will replace pay-per-view and those pesky preset times, customers can pick their favorite programs—set the schedule and watch them anytime! So purchase it now and watch it later!

Pause, Stop, Rewind—take control of your television! With Video On-Demand, if you get a phone call, no problem, just pause your program and it will be waiting when you're ready. Once a program is selected, it's immediately stored for you to view as many times as you'd like within a 24 hour period.

“We are continuing to upgrade our technology and add services to meet the ever-changing needs of our customers and the addition of Video On-Demand allows us to do just that”, said President George Mack.

Customers wanting more information should call 1-800-737-3900.
