***Cameron Communications and the Louisiana Fur and Wildlife Festival:
Preserving History, one Festival at A Time***

Cameron, LA – It’s a tradition as old as Louisiana itself—bringing young and old together to practice techniques of hunting, trapping and skinning that are slowly on the way out, in favor of more modern practices.

January in Cameron Parish can only mean one thing; the Louisiana Fur and Wildlife Festival. Touted as “One of the Oldest and Coldest Festivals in Louisiana,” the Louisiana Fur and Wildlife Festival will be honoring the Shrimping Industry at this year’s event. Featuring the annual parade, contests, beauty pageants and more, this festival, January 13th and 14th, is not one to miss!

Cameron Communications is proud to foster the heritage of the Fur and Wildlife Festival, and is again a corporate sponsor for the 2012 event. George Mack, President and General Manager of Cameron Communications presented a check of \$5,000 to JoAnn Nunez, representative of the Fur and Wildlife Festival. Says Mack, “The Fur and Wildlife Festival is something that we look forward to every year. To be able to participate in a vibrant and integral part of Louisiana history is very important to us, and we’re pleased to make our own contribution to the preservation of the way of life that makes Cameron Parish unique to the rest of the nation.”

Cameron Communications is Southwest Louisiana’s provider of Fiber technology, bringing Digital Cable, High-Speed Internet and Phone service to Calcasieu and Cameron Parishes. For more information on Cameron Communications’ donations and sponsorship policies, please visit www.camtel.com/Newsroom.
