***Cameron Communications Assists Missionaries  
with Stay in Local Community***

Hackberry, LA – Groups of Catholic High School students from Houston recently descended upon Hackberry for a worthwhile cause that hits close to home for many. Missionary students from near and far joined together in an effort to rebuild the community of Hackberry from the destruction left by Hurricane Ike last fall, coordinated by St. Peter’s Catholic Church.

While in Cameron Parish, Cameron Communications pitched in with the donation of a large tent and monetary contributions to help defray the cost of the student’s stay. A majority of the donation went to the rental of portable shower units for the volunteers. Cameron Communications’ representative DeeDee Abshire presented the check to Father Rommel Tolentino of St. Peter’s and Tammy Welch, while the students, from St. Agnes Academy, St. Thomas and St. Pius X schools sought shade from the sun under the tent.

The students and advisors were assisting with recovery efforts from March 13-19 in Hackberry.

Cameron Communications is Cameron Parish’s provider of Fiber technology, bringing Digital Cable, High-Speed Internet and Phone service to Cameron and Calcasieu Parishes. For more information on Cameron Communications’ donations and sponsorship policies, please visit [www.camtel.com/Newsroom](http://www.camtel.com/Newsroom).
