FOR IMMEDIATE RELEASE

Cameron Communications is Expanding Their Service Area in Moss Bluff.

Cameron Communications is announcing the expansion of its bundled Cable TV, High-Speed Internet and Phone services to the residents of Coffey Pines, Orleans Run, Pentangeli Square, Christy Drive, Evergreen Estates and several surrounding homes. These neighborhoods were chosen due to high customer demand received from phone calls and walk-ins about bringing their service to these neighborhoods.

At completion of the project these homes will be able to receive more than 160 digital channels, up to 10Mbps of Internet and Home Phone service that has an expanded calling area and allows customers to keep their same phone number. Advanced services include HD Channels, Video On-Demand, Premium Channels, DVR and a choice of custom calling features.

“While other companies are downsizing and cutting costs in the current economic climate, we have decided to invest back into the community. We are excited about expanding our footprint in the Moss Bluff area—with our state-of-the-art, fiber-optic technology delivered to the customers home, we can accommodate all their entertainment and communication needs” said Cameron Communications President, George Mack.

Construction began on this project May 18, 2009 and service installations are expected to start as early as July. Promotional offers will be available to customers signing up in this expansion area.

Moss Bluff residents can call 855-2009 for any additional information regarding service. “We are continually monitoring our calls for service requests and letting customer demand drive our next expansion.” Mack added.

About Cameron Communications:

Now celebrating over 80 years of service, Cameron Communications provides an array of state-of-the-art telecommunications and entertainment services to homes and businesses in rural Southwest and Central Louisiana, and Southeast Texas. Locally owned and operated by its founding family, Cameron Communications has diversified from a rural telephone company to a full-fledged broadband service provider offering Cable TV and High-Speed Internet and an array of Advanced Services. In all the markets it serves, Cameron Communications strives to be a vital and integral part of each community and a good neighbor. For more information, call 855-2009 or visit www.camtel.com
